Chapter 1 – Hello, different world

I hate the morning sun.

Why do I hate it? I wouldn't dislike it if I didn't have to go to the school.

School itself is good. Classes are fun, there are friends, but I don't like to walk.

If only I didn't have to walk endlessly in this hot weather.

It's about 1km from my house to the school. However, since the road is slightly elevated, it feels like I have to walk two times the distance.

It's not a task for a delicate high school girl.

Aah~, I don't want to go to the school.

If I don't want to go, then I don't want to go.

I don't want to go!! Let's go... No, I don't want to go!! I don't want to go!! I don't want to go!! It's hot!! It's hot!! I don't want to go!! I want to become precu~re!!

「Let's go...」

I finish the morning exercise and get off the bed.

What I do in the morning?

First, I make a breakfast.

I eat.

Get dressed.

I confirm today's lessons and stuff it in the backpack.

I close the door and go out on the hot road.

That's all.

It's a piece of cake. But it's hot.

There is only one problem.

Where the hell am I?

Chapter 2 – Kidnapping?

Where am I? I would normally ask next, who am I? But I won't say that I'm not in the mood, I know who I am and where I am from.

What I don't know is, why am I here?

The room was made from wood, it looks like this is a log cabin.

There is a window. Looking out from the window I see a forest. You can't see a forest from my house.

In the other words, I have been kidnapped.

「Fumu, to kidnap a bishoujo like me... Someone has good eyes」

Now is not the time for such jokes!! I have been kidnapped!?! By whom!?

Yesterday on the way back, I did my homework, took a bath, then I entered the bed while cursing the Sun.

By the way I'm living alone.

「Fumu, after I went to the bed, I was not aware because I was sleeping, who carried me...」

It doesn't make a sense. I mean, If I woke up wouldn't that be bad?

「I don't feel like something was done to me, my clothes... I'm not wearing them」

I'm not wearing clothes. Meaning, I'm naked. Before sleeping I put on pink pajamas, I also have no underwear.

「Hentai!? It was pervert!? Why would you leave after coming this far!? Anyway this is a crime!」

It's not like I wanted to be attacked, but what is with this situation!?

When I look around the room, there is a door. I don't have a choice but to open this door to get out of there.

「It will be there if I open this right...」

When I open the door there will be people, rather if not, that would be even scarier.

This is the only thing I can do now.

「I don't have the courage...」

I wrap the bed sheets around me and open the door.

Chapter 3 – Lilia

After I opened the door, there was a living room.

「Very nicely decorated...」

What room is this!! It is beautifully arranged.

There is a table, chairs, and burning fireplace warming up the room.

「Good morning. Master」

「Ah, good morning. Eeeh?」

There is no one in the room. Also, what? Master?

「Over here, Oopsy Daisy」

Something came out from the fireplace.

「Aren't you hot?」

「It's okay. I was asleep until now so...」

When I take a look, a small feathered creature has appeared.

What the hell is that?

「My name is Lilia. Pleased to meet you. Master」

「Eeh, I'm Haruna」

「Eh? Haruna-san..... ?」

「Haruna」

The creature has frozen. It has really frozen.

「Excuse me for asking, but... You are a man right?」

「I'm a crisp woman」

.....

The firewood in the fireplace has collapsed.

.....

.....

.....

「Well, it will be all right」

「What will!?!」

The creature who introduced herself as Lilia, turns around, the flame starts whirling and the next moment she turns into a girl wearing a red dress.

「Thanks for waiting. I'm the flare dragon Lilia. Nice to meet you」

She told while in a human figure.

Oh, wait. I quite don't understand, I don't want to understand, but what is this situation?

The creature Lilia, introduced herself again as a human.

「Please sit over here first. Haruna-san」

「Ah, yes」

Prompted by Lilia, I sit down face to face with her at the table.

「.....。 」

「.....。 」

Uncomfortable silence followed.

「.....。」

「.....。」

「.....。」

「.....。 (´;ω;`)。」

Lilia breaks into tears.

「Wa, Wait a moment!! Are you okay!? Are you hurting somewhere?」

「I'm too cowardly... I was finally able to become a hero's partner...」

「It's all right. Don't be a coward!! You are wonderful partner!!」

「Tha, thank you very much!!」

Ah? Isn't this going to a strange direction?

.....Did she say a hero?

「Haruna-san. Please become a hero and save this world with me!!」

Oh, I became a hero...

Chapter 4 – Escape from reality

「Become a hero and save the world!!」

Don't be impatient, myself. This is a trap. I feel like I saw this in some movie... Yeah, it's a trap or a dream.

I squint my eyes and confirm my surroundings veeee~ry carefully.

There is a window. From the window a forest is visible. Wa~ So beautiful~

There is a fireplace. Firewood is burning.

..... Funny, Japan is currently in terrible heat, a new record was just recorded...

I look at the girl sitting in front of the table.

Her hair is gold and naturally long, the color of her eyes is red.

Her clothes are very thin. She has big boobs. What is it. Somewhere between C or D? Absolutely outrageous tits.

I look at myself.

I'm Japanese. My hair is long, up to the waist. Eye color is black. No strange hobbies, face and figure are good.

No boobs. No boyfriend. Why?

Considering such circumstances, the result is...

「This is a dream. It's so hot, that I got a nightmare!!」

「Eh...?」

Ah? Why does Lilia looks like she is looking at a weirdo?
Incomprehensible.

「Indeed. I'm hungry. I will have a breakfast now」

「Eh, a breakfast?」

Surprisingly, in this dream there is a food. Great.

Lilia prepares cheerfully, takes out the frying pan, heat it over the fireplace, cracks the egg and cooks it in the pan.

Ju~~

Meanwhile, she spreads strawberry jam on a bread.

It's a sandwich.

Egg is done and it's put on a plate.

Water is boiled, coffee powder is put in, it's finished.

「Here you go!! Something like this is easy」

「Thank you. Itadakimasu」

Before my eyes is a sandwich, tamagoyaki and coffee.

I pick up the sandwich and start eating.

「Delicious...」

I thought it was a strawberry jam, but it's not, it's very sweet, very delicious.

While I eat *moku moku* sounds can be heard, after eating the sandwich I eat the tamagoyaki and drink the coffee.

I tasted everything for the first time, it was very tasty.

「Have you calmed down?」

「Un. Thank you for the meal」

It seems I have calmed down somehow.

Un. I'm calm.

Once again, the food was delicious.

.....

I got to eat.

There is only one thing I have to do now...

「Hero. What is that?」

It's a simple question, I hope she will explain.

Chapter 5 – Hero

「What is a hero?」

I asked because I don't know. However, Lilia has frozen again.

.....o
.....o
.....o

「Hero is a hero!!」

「So what is a hero!?」

Lilia who couldn't withstand the silence, said with red face.

「Let's calm down first... What should I do?」

「Right. Where should I start...」

Lilia says so with a troubled face.

「This world is different from the one you have lived in. Lower your right hand, and say "menu"」

「Menu」

When I lower my right hand, a transparent frame has appeared.

This is...

「It's like a game」

「Game? How does this looks like a game?」

Well, even if you ask me that...

When I look at the menu,

○Item box

○Skills

○Map

○Friends

Four things were written. It's like an RPG as expected.

「As you can see, this world is different from the world you come from」

Well, this isn't my world.

「I was trained by God in order to help the hero. It's my duty to assist the hero, and to become his first companion!! I beg you!! Please make me

your companion!!」

Lilia begs me while bowing her head.

「I understand. But, am I able to become a hero? Also what should a hero do?」

Defeating the Demon king? World war? It it's the latter I refuse.
Defeating the Demon king is also...

「It's simple. Capture a dungeons and be loved by everyone」

「Loved by everyone? Is that related to being a hero?」

「Of course!! When I say loved by everyone, it means to make people feel safe, then you can get heaps of money *gappo gappo* 」

「So evil!!You are such a character!？」

When I think about what should I say...

Well, it's good to have money, but...

「You said about capturing a dungeon, what is in there?」

「There are monsters. However, when you become strong, it's a cakewalk」

「Monsters... Can they defeat me?」

「It's okay!! You are a person who will become a hero. It's okay!!」

What's with this child? She's weirdo.

「But, what are monsters...」

When I want to ask what the monsters are,

Bariin!!

「Wha!! Monster!? Evil!!」

A big grasshopper destroyed the window and came into the room.

Chapter 6 – Grasshopper

Monsters, there are various kinds from cute ones to cool ones like dragons.

However, the one before me is disgusting.

I feel sick.

It looks like a grasshopper. Light green body. Doing *churr chirr* sounds. Disgusting!!

In addition it's large. Grasshopper can't be this size.

It has an eyes. Of course it has. It's a grasshopper? The problem is when our eyes meet.

「Miigyaaaa!!」

「Ugyaaaa!! Disgusting!!」

The former is the grasshopper, the latter is mine.

「Lilia!! Do something!!」

I cry for help while looking at Lilia.

「Miiii, don't get close to me please」

She gets in the corner of the room and helplessly holds her head.

「Wai, wait!! Don't leave me alone!!」

「Miigyaaaa!!」

The grasshopper prepares to jump.

The world becomes slow.

In order to jump, grasshopper put emphasis on its legs.

I take a step back in order to avoid it.

The back of the chair hits my back.

The grasshopper jumps.

The distance is no more than 2 meters.

I...

「So disgusting!!」

The grasshopper makes a dull noise and falls down.

When I came to, I apparently hit the grasshopper.

「As expected of a hero!! Nicely done!!」

「No, you better help me!!」

I seek help from Lilia who had been trembling in the corner of the room.

「Miigyaaaa!! Miigyaaaa!!」

「Hurry and defeat it!!」

I fling the chair in anger, but the insect just wiggles, there is no sign of dying.

「This fucker!!」

「Giiaaa!!」

The chair I swung has been avoided and the chair hits the ground and breaks.

「Lilia!! Don't you have some weapon!?!」

「In the next room!!」

「Then fetch it!!」

However, the grasshopper heard us and blocked the entrance of the room.

「Weapon, weapon, weapons!!」

I get away from the grasshopper and look in the table, there is a tableware I used before.

「Only a knife, huh」

I need a bigger knife, so I look in the kitchen for the knife Lilia used for cooking.

「There are no knives!! The sacred treasures were cooked without a knife!!」

There is only a frying pan,

..... Frying pan?

「This is it!!」

I approach the grasshopper while readying the frying pan.

「Eat this!!」

「Gugyaaaaaa!!」

I run at my fastest and hit the grasshopper's head.

This game, is my victory!!

Chapter 7 – Victory and treasure

I defeated it. I knocked it down. A grasshopper!!

That was a very stupid dialog, but I almost died.

I look at the grasshopper once again, at first the grasshopper looked firm like a jewel, but the next moment it was smashed to pieces.

「Haa, what's this...」

「As expected of hero!! Splendid!!」

Lilia ran up close.

She looks at me with sparkly eyes like a dog is looking at his master.

Super adorable.

So I put the knife vertically near Lilia's head.

A meal!!

Oh, disgusting sound♪

「Miiii. Why?」

「That's because. You are supposed to be my partner yet you abandoned me and trembled in a corner of the room」

「Miii.....」

「If something like this happens again, I will be the one to abandon you. OK?」

「Miii!! I will keep it in my heart!!」

「Good」

Hey, I already became a hero. I'm saying this myself but...

By the way, was I always so strong?

I was thinking such while looking at the chair smashed on the ground.

「Well, it doesn't matter」

「Excuse me, Hero-sama」

「N? Haruna is fine. What?」

Lilia is hesitating,..... The heck, she's really cute. I seem to be awakening to a weird fetish.

「Clothes... Are you not going to wear them?」

I'm stark naked. I see, I'm a person with weird fetish.

「I don't have any clothes. What should I do?」

「I think there are clothes in the next room. This way」

Wrapped in a bed sheet I follow Lilia.

We pass the grasshopper that was shattered to fragments, I opened the door and got into a room with size similar to one I was sleeping in.

「Are you not getting that treasure chest?」

「Wow, it really is a treasure chest」

There was a treasure chest in the middle of the room.

A Red painted wooden chest with golden lines. I get closer to the chest and touch the clasp.

Click♪

A pleasant sound is heard when the chest is opening.

「「Oo, a treasure」」

Inside the chest there is a sparkling golden long sword and a stick with an attached transparent jewel .

It also contained a set of clothes.

「I will change my clothes first」

「Yes!!」

I change my clothes.

☆Not going to show you☆

Incidentally the clothes are an ordinary miniskirt, white shirt, underwear and socks.

Chapter 8 – Treasure

From nude to villager, my heart defense has risen.

After changing, I look in the treasure chest again.

Gold sword in shining light.

I don't know what tree the stick is from, but the jewel is size of a thumb.

Anyways, I pull the sword from the treasure chest.

Then, the sword has disappeared.

「What the!? It's gone!!」

「It's alright. Try opening the menu」

I did as I did before, I lowered my right hand and called menu.

Then, the menu from before has appeared.

「Try selecting the Item box button」

「This?」

When I touch the Item box button, the page was replaced with list of items.

Item box

NEW Insect meat

NEW Holy sword Magnum

Is this a holy sword? I don't intend to look at the Insect meat for the time being.

I touch the Holy sword Magnum.

『Do you want to summon?』《YES》《NO》

Oh, something has appeared.

When I press the YES button, the Holy sword appears.

『Warning, Holy equipment is destroyed after used 10 times』

Another thing popped up.

It will be destroyed?

「Lilia? It seems to get destroyed?」

「Eeh!! Is that true!!... It's true...」

It seems that Lilia didn't know.

Say, 10 times of what?

『The number 10 indicates the number of slayed monsters with the Holy sword. In other words, defeat 10 monsters and the sword will be destroyed』

It told me kindly.

It told me?

「Who are you? Why are you staying in the window? It's alright to come out」

『I'm Navi. I can't come out. I don't want to come out. I don't want to work』

I see.

Chapter 9 – Outside the hut

After interacting with Navi, I decided to store the Holy sword.

I don't want to use the sword that will get destroyed after using 10 times by a mistake.

By the way, to store items

- ①Open the window
- ②Throw it in the window
- ③The item will disappear
- ④The item enters the Item box

Just like that.

It's easy, but it's a strange feeling I can't get accustomed to it after all.

There was a set of clothes for Lilia too.

It was the same set of clothes that I'm currently wearing.

「Anyway, this is good right?」

「Yes. There is no longer a need to stay in this hut」

「Then, what will we do?」

「There is a village about half day away from here. The sun has already gone up, let's go tomorrow?」

「Understood. That's fine. But, there is a lot of time. I'll go outside for a bit?」

「I understand. I will accompany you!!」

After saying so, we leave the room and go outside.

Well, I thought that when I go outside, I will see a radio tower, buildings or a plane in the air but....

I saw a beautiful forest and a road.

There's nothing other than that.

「Haa, it's a different world after all...」

「Are you upset?」

I was asked by Lilia and noticed that I strangely wasn't upset.

Well, living in the Japan wasn't bad, but I was bored, this is not so displeasing~

When I look towards Lilia,

(´;ω;`)← she was looking at me with such a face.

So cute~

.....

.....

.....

... Doesn't that sound like I'm becoming a weird person!!

Wordly desires? Shake off.

「I'm not upset. I just panicked a little」

「That is good!! Let's do our best together!!」

She said.

Then, Lilia looks at me with a very serious face,

Un. Cute.

Not good, at this rate I will really advance towards the naughty road...

Well let's leave it at that and look around first.

When the door is opened, to the right is a forest..... The forest is in a good condition.

There's nothing else.

No, let's walk a little.

Aside from trees and a hill once in a while, there is nooo~thing else.

「Is there really a town nearby?」

「It is far, but there is」

「Well, let's depart tomorrow. Let's look around the hut and see if there is something useful for the time being」

「Yes desu!!」

After saying that, we went back to the hut.

Chapter 10 – Skills

I have returned to the room.

「It's not like a catastrophe happened but... It's a mess」

「Yes. Cleaning this will be annoying」

「But we have to do it. The cleaning」

I put the broken chair to in the item box and return the table to its original position.

I grab the frying pan I just used to beat up the monster.

「Am I really that strong?」

「You are Hero-sama so it's only natural!!」

After inquiring about things all the answers were like this.

「Won't you stop calling me Hero-sama already?」

「Do you hate it?」

Lilia asks me with teary eyes while putting the room back to its original

cute style just like it was the first time I came here.

Well, aside from one broken window and a chair everything is back how it's supposed to be.

Let's return back to the conversation.

「I don't hate in particular. But I haven't done anything yet right?」

「You defeated a monster!!」

It comes to this?

「Please look at your skills」

「Roger」

I open the menu the same way as always, lowering my right hand down while saying menu.

Name: Haruna

Sex: Female

Age: 16

Main Skills

《Self-Proclaimed Hero》

Attack power slightly increased

Defense power slightly increased

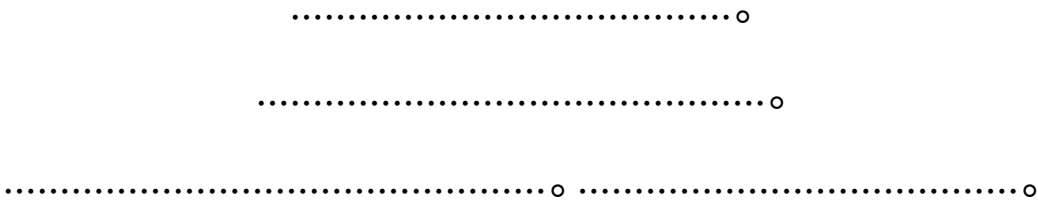

Sub Skills

(´•ω•`) Nothing

Owned Slaves

Lilia

That appeared.

What should I ask about first?

First of all Self-Proclaimed Hero? Hero indeed.

Chuunibyou!? What's with this minimal increase!? Isn't this an error!!

Next the sub menu.

Isn't this way too inhuman!! Internet!? Is this the internet!?

Don't (´•ω•`) me.

Certainly there aren't any, but that is not necessary,

also why is Lilia a slave!?

Chapter 11 – A talk

TL Notes :

This chapter is the most confusing shit ever, if you want to keep your sanity intact, I recommend skipping this chapter.

「Lilia why does it say that you are a slave?」

I calmed down and asked Lilia.

What answer will I get, I'm very tense.

「That's because I'm an assistant」

「Ah, yes」

I see, an assistant.

I see.

「I don't understand!! I mean, are you really okay with this!?!」

「Of course!! I volunteered myself!!」

「Volunteered? Where?」

「Heaven school」

School? They have schools for slaves in this world?

「Then, why did this heaven school chose me? There must have been others. A good heroes」

「I wasn't the one choosing.

But, your personality is fitting for a hero-sama!!」

A self-proclaimed hero though.

「You didn't become a slave just because of that right?」

「Ah, I applied for that」

Oh? Is that so?

「But to willingly become a slave.....」

「That is of course to become strong and earn a lot of money!!」

「Are? Wicked after all!!」

Don't you have a different reason!? Maa, being honest is good.

「That Heaven school, what is it? Normal school?」

「Yes. A school」

「Why does that school train a hero's slave?」

「That is a long story. Is that alright?」

「Of course. Go ahead please」

「Understood. This world is, worlds containing other heroes, also the Earth are just babies. They are classified as a young worlds. Do you follow?」

「Maa, somewhat」

「Then continuing. The world I am from is the oldest world, it is in charge of all other worlds. As the new world settles, a world's concept is determined」

「The world is made?」

「To make a world, rules are needed to tie things up. To establish other rules, a basic rules are essential. And to obey the rules, a punishments are necessary. And to receive the punishment, a leader who carries out the punishment is necessary」

「Something like a king? But then a hero won't be necessary」

Lilia shakes her head in disapproval,

「To become a king, one must be revered by people. However, when he becomes a king, the people will become a nuisance and he will become arrogant. Therefore an existence to correct the king is needed!!」

「But then there is no reason for Lilia to become a slave, is there?」

「To support a hero-sama is my priority. Therefore a position of a slave is just right」

「Is that so..... Then, what I'm supposed to do from now on?」

「Think like a hero-sama. I will follow you」

So all is on me.

「But, why are you a hero's slave? I mean, what the hell is a slave anyway?」

「To be the hero's assistant. There is a hierarchical ranking for slaves too, in most cases if a slave does not obey master's commands it dies. Something lighter is a companion slave. I aim for this」

「This companion slaves, does it have any restrictions?」

「In particular, well, just nominal」

Chapter 12 – Companion

「Then, I will release you from the slave contract」

「He?」

It's bad for hero to have a slave as a companion, also I don't want to own a slave.

When I said that I will release Lilia from the contract,

「Does that mean I'm not needed?... I understand. Then this」

「Why a knife?」

Lilia took out a knife from her item box and handed it to me.

「Me, with this」

「Un, I see. It seems I need to have a proper talk with you」

Ah, my head hurts.

Perhaps it's necessary to speak from the start.

「If I am to become a hero from now on, I thought having a slave would

be uncool, so I thought to release you from the contract」

「In other words I am not needed...」

「That's not true. I want you to become my companion after I release you from the contract. Is that no good?」

Lilia rises her head in wonder,

「Why do you throw away a profitable advantage?」

「Even if you ask me...」

By living in the Japan...

Or rather slavery is prohibited in more countries than just Japan...

But the reason I dislike it the most is...

「If I'm to fight with you, instead of a slave, I want us to become an equals. So, please」

「.....I understand. Then let's do it this way」

Lilia suggested that I open the menu and look at the Slave's column.

《Release Lilia?》

Of course I pressed OK,

「Thank you very much!! As expected of Hero-sama!!」

「Thank you. However, isn't this normal?」

Lilia was impressed, I thought that it was normal.

「Anyway, teach me a lot from now on」

「Yes!!」

About the skills

Skills are separated in three categories.

First, main skills

In my case, it's the «Self-Proclaimed Hero».

When the level rises, it seems that its effectiveness and name rises.

Next, the sub skills

It's a skill that once you learn, you can always use it.

And also the not yet seen unique skills.

It seems that Lilia doesn't know about this either.

When Lilia said she doesn't know either, she looked just like a sad puppy that was thrown away.

Chapter 13 – Skills

I know understand most of the story.

The first thing I have to do in this world is to get adored by the people.

In other words, to live a heroes life.

Frankly speaking, there's no benefit for me.

But, Lilia said that I can't return to my original world.

I have no lingering feelings, but thinking about mother, father and little brother I started feeling uneasy.

At that moment, Lilia said

「It's okay. 1 year here converts to one minute Earth's time. In other words, when you finish your life in this world, you can return back on Earth」

This, well, I told Lilia that I was alright with not returning.

But, this is convenient.

It's like the training room from the old anime I watched before.

Ah well, there is no such training room though...

And with this, Lilia was released from the slave contract and became my companion.

I open the menu, and click the 《Friends》button.

By the way the button are

《Status》

《Skills》

《Subskills》

《Friends》

《Item box》

These five.

Lilia was originally already on the friend list before, but it has disappeared so I had to register her again.

As for how to register a friend.

- ① Each person opens the column Friends
- ② Open the Friends registration section
- ③ Do you want to become friends? A window with a question appears.

④ And press "Yes"

When you register a friend, a skill called Friend Communication can be used.

This is something like a mail, you write a letter and sent it to your friend.

Secondly, a common item box.

It seems that when you register a friend, you can share a common item box with them.

Ah well, we don't need it right now.

Chapter 14 – Drawing water

pata pata♪

Lilia just finished tidying up the rooms and is currently looking if there is something useful around.

Cute.

Smiling Lilia is extremely cute.

Her face became like that from the moment I released her from the contract.

I don't need a man? That expression.

Lilia seems so wonderful after releasing her from the slavery.

The first impression was maxed at 100, but it apparently it goes further.

After listening to Lilia's talk, she went to tidy up the rooms and look for something she spoke a while ago. It's not like I'm not doing anything.

I'm now drawing the water from the well behind the hut.

I was looking at Lilia from behind the window.

Why you ask? Because behind the window is a gorgeous school girl.

Pulling the rope up, I pull the bucket of water from the bottom of the well.

It's tough getting the water for a bath.

「Oops-a-daisy」

I pour the water from the bucket in a tub and throw the bucket to the well again.

Because I did this already three times, there is no need for more water, but

「It's hard to go back...」

It's not like I hate Lilia.

I'm rather thankful and I have a strange feeling that I want to be on a good terms from now on.

I shoved both hands in the bucket.

「Fuua. Feels good」

「What's the matter?」

「Fu~e!!」

It's Lilia, Lilia was here.

Lilia is looking at me from the corner of the house.

「Nothing, I was just washing my hands. The water got probably dirty」

「Then, let's draw the water again. I will help」

「Ah, thank you」

「You are welcome」

I empty the water and throw the bucket to the well to draw again.

I draw the water nicely and put it in the tub.

Then, Lilia approaches.

Un. This is dangerous.

After filling the bucket, we each grab the handle and return to the room together.

Chapter 15 – Drawing water #2

When we return to the room, I transfer the water from the bucket to the pot and boil it.

「I will throw in more firewood, okay?」

「Yes, please」

I grasp the wood next to the fireplace and throw it in.

「This should be enough. Thank you very much」

「No, it's alright. Thanks you too, Lilia」

A device on the lid of the pot collects the boiled water.

「It collects the drinkable water, right?」

「That's right. Let's collect as much as possible through the night」

「Yes!! Then, let's draw more water」

「Oh, it's okay. I will do it by myself, Lilia should watch the fire」

Saying that, I take the empty bucket and return to the well.

「Haa~ That was surprising」

I make it to the well with a grand sigh.

「At this rate, it's going to be bad... I must get along with her properly」

However, rather than Lilia's mysterious elegance, she possesses a deadly cuteness.

That one? Magic charm system?

Ah well, even without it she would be cute.

「Let's draw the water. Let's do it properly」

I throw the bucket in the well and draw the water.

I always do.

If there is a well, I draw.

I draw it after all.

Chapter 16 – Water is surprisingly scary

There is a thing called “end” to everything.

When you eat a cookie, it disappears, water also disappears if drank.

No matter how many good deeds you do, you always end up in a grave.

However, I look at the bucket in front of me.

No matter how it's seen, it contains water.

It does not disappear.

In other words, it's possible to return to the room now.

.....

「Let's not complain and return」

I returned to the room.

The room is filled with moe.

I made a mistake.

The room is on fire. (moete ya garu)

「Jiyooooooooa!? Lilia!!」

「Fuaaa!! Water please!!」

「Chest oh!!」

I dump the water I just drew on Lilia.

The water evaporated immediately.

「Uwaa, my eyes!! My eyes!!」

When the water evaporates it enters my eyes and I feel extremely strange.

Indescribable unpleasantness.

Yeah, let's calm and open the window...!

「Nuu uun」

It's unpleasant the moment I opened my eyes.

Because there was no other way, I crawled to the door and opened the window from outside.

The steam flows outside, the room in terrible condition comes in my view.

「Oou. What happened... Ah well, I can guess, but...」

「So-sorry」

「What happened?」

According to Lilia, the water I put in the pot didn't boil very much so she used magic, but it seem to have failed.

「... And then, this happened...」

「Yes... I'm sorry」

Her chest too.

What a scatterbrain, if I was a man, I would already attacked her.

「Anyways, change your clothes. It's wet」

「Yes...」

Saddened and wet Lilia.

Dangerous.

「Then, I'm going to change my clothes」

「Yes. I will wait here」

Lilia went to the next room to change.

「I will tidy up in the meantime」

The floor is submerged in water, so I will wipe it up with a towel while I wait.

Chapter 17 – Water is not scary, overconfidence is

Lilia changed her clothes and returned.

The clothes are no different from before, but they are new for certain.

Breasts.

Yeah.

I'm starting to hate Lilia.

「Uu. Please forgive me...」

Lilia apologizes with tears in her eyes, Un.

I can't come to hate her after all.

「It's good. You should go to draw more water」

「Yes... I'm sorry」

Lilia goes out with a bucket while looking depressed.

「I will do what I can」

I squeeze a towel and wipe the floor again.

I was able to wipe most of the water, but the area around the fireplace is still soggy.

There's no other way, but to wipe it with towel more.

wipewipewipewipewipewipewipesqueeze,
wipewipewipewipewipewipewipesqueeze,
wipewipewipewipewipewipewipeswipewipewipewipewipewipe
.....

「..... I'm tired」

When you are doing simple tasks a lot, your shoulder becomes stiff and you will feel unpleasant. Also, it has been a long time since I wiped a floor.

「I drew the water」

Lilia came back from the well.

「Thank you. Then, let's do it again」

「Yes. I will pour the water then」

Pour the water to the pot just like earlier, set the fire... or not.

「We have no tools. What to do?」

「I can... But, I may fail...」

Lilia is still depressed from the failure a while ago.

「Everything will be all right!! It's possible if its Lilia」

After my encouragement, Lilia started showing a smile.

「I understand. I will try!!」

「Okay, but be careful」

Lilia carefully? raises her right hand and snaps her fingers.

Then the wet firewood caught on fire.

「I did it!! I was able to do it!!」

「Yes, yes, good girl, good girl」

I say while patting Lilia's head, she became happy.

「Eee♪ I feel like now I will be able to do what I was trying earlier♪」

「He? Earlier?」

Lilia points her hand towards the pot at the top of the firewood that was just set on a fire.

Are? Is this possibly...

「Fireba~ll♪」

A ball of fire hits the target and I entered the white world I was in just a while ago.

Chapter 18 – There's nothing scarier than silence

Apologizing Lilia, a little mad myself,

As a result of being overconfident, the wiped floor became soaked again.

「What to do... There aren't any extra clothes...」

「I'm sorry I'm sorry I'm sorry I'm sorry I'm sorry」

Lilia soaked to the bones, keeps apologizing with a pale face.

「Don't worry Lilia. More importantly, what about the clothes?」

「Uu... I'm sorry」

The problem is change of clothes.

Lilia used the only change of clothes, I have no clothes, I was originally naked.

「I have to dry the clothes」

「Yes...」

The sun goes down and it has become considerably dark.

「First of all, let's take the clothes off... The clothes stick like a superglue...」

「Ye-yes. Then...」

Are? What did I just say?

Lilia start taking her clothes off while a little hesitant, this is bad.

Am I becoming a criminal?

「Let's wrap this around ourselves first」

「Yes. Thank you」

I pass the bed sheets which I used before to Lilia.

When I do that, our eyes meet...

I also take off the clothes and wrap myself with bed sheets too.

.....

Lilia averts her eyes with a deep red face.

.....

Muooooooooaaaa!! Awkward~!! I feel like running away!!

「Le-Let's dry the clothes first...」

「Ye-yes!!」

When I stand in order to get the rope,

Harari♪

The white bed sheets rolls.

Lilia falls on her rear.

「.....」

「.....」

I give a hand to Lilia who fell on her butt.

Lilia re-wraps herself in the sheets.

She touches my skin.

「Haawaa!! I'm sorry!!」

「Look out!!」

I grab Lilia's hand who attempts to separate in panic.

While doing that, I hit the fireplace and

at that moment I released my hand from the sheets.

That means the sheets are falling on the ground thanks to the gravity.

Uwaa~♪

Chapter 19 – It seems that even drying the clothes is difficult in this world...

Because of the slightly mental barrage of events, two people are falling down with pale faces.

「First, this...」

「Yes... I'm sorry...」

We picked up the sheets and hidden our bodies.

Somehow by a chance I had accidentally touched Lilia's body, my hands still can feel the after taste of kneading her.

「Anyway, let's go to the bed across the room」

「He? Ye-yes!!」

Anyway I will let Lilia lie in the bed, while I try to dry the clothes? It's too complicated to do it together...

「Though it's still bright...」

Lilia mutters.

Certainly it will become dark soon, won't it become too dark to dry the clothes soon?

「Yeah. Should do it outside?」

「Fue!? Outside!? If Hero-sama wants to do that...」

Are? Do not people dry their clothes outside in this world?

「Uu, embarrassing...」

Ah, I see.

This appearance is certainly bad.

Although no one is around,

「Then, let's do it inside」

「Yes. If it's inside...」

Lilia blushed.

What's wrong?

Anyway, I go to the bed together with Lilia.

「Then, I will dry it so wait here」

「Yes, I will wait」

Lilia enters the bed and covers her body as much as possible, I return back to the room.

I come back to the room and review the terrible sight of the room after covering myself in the sheets.

「Terrible☆」

I decided to do a pose, but no one watched and the bed sheet slipped of my body.

The room is in terrible condition.

If I leave it like this, it's obvious that the mold will grow, so I have to wipe it.

「Let's dry the clothes first」

I attach a rope in the room and hang the clothes on it.

「Are? Which one was mine again?」

I don't know.

Well, the clothes are same, it can't be helped.

There is one set of clothes on the table.

Although Lilia may complain later,

they are the same clothes, from the bottom to the top everything is same, I really can't tell them apart.

「Muu? What to do...」

The feeling is also the same, I really can't tell them apart just from appearance.

N? Can I do it by a smell?

I take the clothes and smell it.

Su—————

Ha—————

「Ano, Haruna-san. This, also,...」

Lilia came out of the room.

What do I look like to Lilia now? A pervert who likes to smell other people's clothes.

Calm down, I can resolve it if I talk... Right?

Chapter 20 – 2 intimate people

You will understand if you let me speak!!

No arguments!! Zashu!! ← cutting sound.

Or not, thank god.

Lilia stood there petrified.

Un.

If it's like that, I rather be cut.

Blushed Lilia facing downwards is also cute.

If I wasn't the cause, she may have escaped a long ago.

How regrettable.

You were supposed to run away!!

「So you think of me like that...」

Bad!! I think I'm being disliked!!

「I'm sorry Lilia!! It just...」

No, it wasn't just!! I did it myself!!

「No!! Me too, that, and...」

Bashful Lilia is cute.

Remorse? What's that? Does it taste good?

Badbadbadbadbad!! I will become bad myself at this rate!!

I becoming so bad, my parents will be discouraged!! 【Mentally】

「You know. When I was trying to dry the clothes a while ago... I can't tell them apart anymore...」

I make up an excuse first.

Would this convince Lilia I wonder.

If not, it will be bad.

「I couldn't distinguish it anymore... And then, that, you see♪」

「I see...」

Dangerous, am I getting disliked? I don't want that!!

「Please Lilia!! Don't dislike me...」

The thought of becoming disliked by a destined lifetime companion, I hate that!!

「....., you」

「Lilia?」

Lilia looks at me with a deep red face.

「I love you, Haruna-san!!」

「Lilia!!」

When I came to, I already was clinging to Lilia.

And thus, we became happily intimate in just one day.

021 - The clothes finally dried

I who was embraced suddenly, what should I do?

Lilia's already red face turned even redder, it's too red that it's about to explode.

It's like fireworks... N? Fireworks?

「Au, Au, Aaau. 」

Smoke is coming out from her head, huh? Isn't this bad?

「Auauaa!!」

「Wai-!! Lilia?」

Boshun!! Her head made a sound and smoked, she fell down sitting on the floor.

「S-sorry, Lilia. It was unpleasant was it?... 」

「No!! It's not unpleasant!! Rather I'm glad, uhm, yes... 」

It seems she's okay. But, I wonder if she's really okay when there's smoke

coming out of hear head...?

「For the time being, if we don't dry the clothes... 」

「Uhm, I'll do it with my magic!」

Huh? This pattern happened a while ago did it?

「Lilia, if you failed again, we won't be able to leave this shed. Are you sure?」

「Uu... That... 」

Our current situation is already embarrassing enough but it's impossible for us to walk without our clothes.

Lilia was convinced and she apologized.

I set the rope in the room quietly and dried our clothes.

Muu? Leisure time.

I don't have anything to do while drying clothes.

Lilia draws water again, this time it's drinking water made from the burning firewood.

I sat down next to Lilia and watched the water boil.

Still, it's hot.

「Lilia, are you okay with this heat?」

「I'm okay!! This much is still cool!!」

Well, you were sleeping in fire [TN: まあ、火の中で寝てたしね。]

I can sleep in fire but nude under the sheets, still hot things are hot.

「I got sweaty. Is there a bath?」

「Doesn't seem so... 」

As expected there's none?... There's a toilet but it doesn't seem to have a bath.

「Getting drenched in sweat is gross... I'll wipe it later. 」

「Understood. I'll be helping then. 」

Yes? Help?

022 - Exploring the room

Help? With what?

Then, when I was asking in my mind, Lilia continued.

「You'll wipe your body, right? Am I wrong?」

「No. You're not wrong. 」

Could it be that? The time when I got sick.

「But I'm not sick, N? Lilia?」

「You don't want it?」

It's impossible to refuse.

「Then, later okay? 」

「Yes. Without delay, let's search for something we can use. 」

「Roger. Then, if you see something use fire. 」

I stood up and moved to the next room.

「Fuu, feels refreshing.

This cabin has a room where a treasure chest is put, I woke up in the bedroom, then there's no restroom, I face the bedroom when I woke up.

There's the treasure chest room, but there's nothing besides the treasure chest.

「Hey, isn't it a bit cold?」

Separated from the fireplace, when I faced the bedroom where I woke up, it felt a bit chilly.

Well, I have to find something ahead that can be used was it?

Looking at the room briefly, there's nothing but the bed.

「Muu~ Is there something?... Oh?」

When I looked carefully, there's something like a drawer in the alcove.

「Is there something here?」

The drawer has three of the same large size, for the time being let's pull out the rightmost.

「Bed cover kaaa~. 」

Unfortunately, it's only the bed cover. What's next is the pillowcase.

When I opened the center, there's a huge variety of bottles in there.

The contents are empty.

「We can use it to draw and put water in it. But, why is it in the bed room?」

Then, I pulled out the leftmost, and closed it immediately.

「Really, what does he want to do?... The builder of this cabin... 」

What's there is a toy played in the night. Even so, she saw some various kinds.

「It's unnecessary., This... 」

I cursed the one who made this room, I put the bottle at the center in the item box and I went out of the room .

023 - The exceptionally violent Lilia

The small bottles was stuffed into item box one by one.

Then, an interesting thing.

【Item Box】

Bottle A x 7

Bottle B x 4

Bottle C x 5

It was organized.

When I took out bottle C as an experiment.

《How many bottle C should be taken out?》

That came out.

I see, a choice type.

While assuming two, two bottles come out of air.

Defying gravity, it stopped midair.

「Don't worry~ Don't worry~ ☆」

I'm used to it already.

「For the time being, let's go back to Lilia. 」

I returned to the room where Lilia is with the bottle.

「I'm back. I found some bottles. 」

「Is that so? We can draw water with this then♪」

I took some bottles from the item box and show it to Lilia.

「It would be useful if we put oil in it. 」

「Oil? For what use?」

「Molotov Cocktail. 」

Another frightening name came out...

「My magic isn't for combat yet... However, we can do somehow if we combine Molotov cocktail and magic!!」

「Y-Yeah. Then, take care when using it. 」

「Yes!! I'll do my best!!」

Lilia split the oil from the cupboard to the bottles, I tear apart the bed cover by myself and assigned it as the fuse of the bottle cover.

Then, it was put inside Lilia's item box.

「It will be dark soon. Let's wipe our bodies before it's too late. 」

「Un. Let's do that. 」

While thinking that it's already settled, I boiled water.

024 - Towel Scrubbing

After boiling the water, it was moved to a different container, in addition, we add water to make the temperature possible for human touch.

「Isn't it hot? Well, we'll use towel so it's fine. 」

「Well then, I'll be wiping you. 」

Lilia took out the towel from the item box, dipping the one sheet on the hot water.

「Well then, please take it off. 」

「Un, then, please. 」

Should I take off the bed cover? My upper body is revealed.

「I will do it from the back. 」

「Un. 」

Lilia's force enters my back, she's removing the dirt.

「Yes. Well then, please raise your hand. 」

Just as she said, I raised both my hands and my arm was wiped from the back.

Yup, pure bliss.

「Then I'll be doing the front. 」

「Eh? Front?」

Thinking that it's only my front, I was in panic.

「Yes, put your hands up♪」

「Nn. Banzai. 」

No, please.

After wiping my front, I feel clean.

「Then, I'll be doing your feet then. 」

「Eh? The feet too?」

「You feel gross with the sweat, right? Allow me to wipe it♪」

Uwaaa, she's doing it forcefully.

「Then, please raise your right leg. 」

「Un. 」

I obediently raised my right leg, she wiped it with a new towel, it became clean.

That moment, my lower body looks almost complete, but Lilia seems to be mind something.

Hey, it's me that should be minding it.

When she finished my right leg, the left leg was done.

「Than you. 」

「Yes. Dry towel. 」

I received a towel and wiped my body.

「Well then, it's Lilia's turn this time. 」

「Eeh? Me too?」

Eh!? It's unfair if I don't do it!!

「Yes. Strip, Strip. 」

「Nn. Please do. 」

Blushing Lilia is cute.

「Well then, I'll be doing the back. 」

I soaked the towel in hot water to heat it up.

After squeezing it, I gently scrubbed her back.

Using both of my hands, I scrub from shoulder to her arm.

I scrub her chest this time. Yup. The size makes me angry.

「Okay. Well then, raise your feet. 」

「Y-Yes!! I'll do my best!!」

What? Well, I pay it no mind and scrubbed her feet.

That moment, I saw Lilia's woman part.

Her face is red. Well, It's the same as me.

Goshi Goshi Goshi Goshi [TN: Scrub]

「Okay, It's done. 」

「Thank you very much... 」

Lilia mutters it while blushing for some reason.

Well, it's fine.

025 - Let's sleep together. Let's do that.

I feel a bit satisfied after wiping Lilia's body.

It has finally darkened outside, it got a bit cold.

「We gathered some water already, should we sleep soon? 」

「Un. By the way, where does Lilia sleep?」

There's only one bed, could it be the fireplace?

「I sleep on the floor of course. There's no place to sleep in. 」

「You can't do that. Then, let's sleep together?」

I suggest that Lilia should sleep on the same bed with me.

The bed itself is big, there's room for the two to sleep, above all, I want to sleep with Lilia on the bed.

Frankly speaking, I came to like Lilia.

「Are you sure!? With someone like me... 」

「Of course. Rather, it's better if it's Lilia. 」

I pushed her forcefully.

「Let's♪Sleep♪Already♪ We're going to depart on sunrise tomorrow!!」

「Yes!!」

Of course. I don't intend to let you sleep that easy.

We extinguished the fire in the fireplace before we faced the bedroom then Lilia and I went to the bedroom.

「Well then, should we sleep?」

「Well, wait. Let's talk about love?」

Love story is a standard of school tours.

Of course. I want to hear Lilia's story.

「Love story? I never went out with a man though?」

「Eeee~ Is that so? 」

That's unexpected. That means Lilia has no relations with a man?

No one picks this cute girl up... If it's on earth, she'll be picked up for sure...

「Does Haruna-san have experience in mingling?」

「Me? I don't have one. 」

At grade school, I had something like a make-believe lover, but in the end I don't have a boy lover in the class, naaaaaa let's end it.

「Also, Lilia is way more cuter. 」

「Y-yes!! Thank you very much... 」

Embarrassed Lilia is cute. Furthermore, it's not narrow with the two of us but our skin touches without any space.

Lilia's body is warmer than me.

「Lilia's body is warm. 」

「Haruna-san is a bit cold. Are you okay?」

「Yup. I'm okay... 」

I touched Lilia's body.

「Hyaa!! Uhm, Haruna-san?」

「Lilia... 」

Peta Peta, touching Lilia's body feels like a heater, it feels pleasant.

With my head melting from the sense, I touched Lilia.

「Faan... Haruna-san..... 」

「Lilia..... Cute. 」

Touching her body feels warm and pleasant...

「Lilia's hair is silky. 」

「Haruna-san's is smooth too... 」

Supporting Lilia's back with my left hand, I combed her hair with my right hand.

Smooth...and, while combing her hair, I touched Lilia's cheeks.

「Lilia, 」

「Haruna-san. 」

I kissed Lilia's lips, then I threw her down the bed following the flow.

「Lilia, don't worry 」

「Haruna-san. 」

Then, just like that.

We can't view the text ahead of this because of eco mode♪ [TN: I guess the author is trying to say that you should go to my website instead, this novel is R-15 after all]

Author's note:

BED

The two girls went Kyaakyaa ufufu ahahahahaha? Just then, two men were talking from a far away place.

「Now then, you want to say something?」

「I'm zwowwy.」

Correction, it was one sided torture rather than talking.

One man is looking down on the man while sitting on a chair and the other man sitting on the chair has his face worn-out.

「Haa, why are you generously naive?」「はあ、何でお前は詰めが甘いんだよ。」
It's finally a earth's Japanese?」

「Well, you messed up? Sorry bout that.」

The man stood up from the chair, takes a handkerchief and wiped his face.

Then, the messy and tattered zombie face turned to a disappointing pervert face.

「Oh well.

Ease up a bit and choose, but you can choose. [TN: Holy shit, I really don't understand any of the raws: ちょーと手を抜いてテキトーに選んだっちゃ選

んだんだけどね。]

Getting tired of the life on Earth, youngsters with adventurous spirit....Hey if that's the case....」

「Half of earth's population are women.

If you ease up this happens.」

「Eeeh.

Sorry bout that.

Well, what happened on the manga you aimed at?

Did it end?」

「Yellow Mouse and Jump.

Remember it deeply so you won't forget.」

The man sit's on the table while saying so.

「Well, Well, sit down on a chair.

You want cola? Tea?」

「Tea please.

Rather, please give me Tea.」

The man with the ragged r18 face took out two plastic bottles out of the air and throw one on the man sitting down.

「And then~

Dolan.

How was this world?」

「Well, it's not bad.

But, I could not make Japanese food after all. 」

While the r18 man grins, a miso soup and a salmon is sliced in the air.
A clean rice was taken out.

「Well, eat.

Now, eat. 」

「Your ability is really irritating.」

A man called Dolan put his hands on the food to eat.

「In my world, well, it's really terrible. 」

「You again?

What is it this time?」

「N? Space War.

A man swinging the beam became fraught with emotion.

The maou is already tired so he retired, he pretend to be defeated by
the vote of the great circle. 」

「That so?」

Dolan absentmindedly called the man while sipping the miso soup.

By the way, the r18 man is.

「Then? Why did yo conclude with me this time? You always go solo right?」

「You see, it seems that there's two people reincarnated in this world, meaning, you and me.

By the way, there's another one that seems to be an earthling too」

The r18 man explained interestingly while laughing.

「Irregular.

Two people.

There's one in the past?」

「No.

Well, we just have to wait and see. 」

「Well, that's true.

By the way, Kuroinu.[1. Black Dog]」

「What's wrong Being formal. 」

The man called Dolan faced towards the man called Kuroinu.

「Why are you eating a meal gracefully in a place like this?」

He asked.

It's not surprising, the two of them are one of the bugs that were born in this world, they're called heretic and they're surrounded by so-called monsters.

Their appearance is human however their knowledge is zero, it's like they're surrounded by something like zombies that only follow their desires.

「Why? You...

If you're hungry you can't fight」

「Gross, die」

The two were eating their meal dejectedly.

The monsters called heretic are enclosed inside an unseen wall, They're packed inside the invisible wall.

To the two eating rice, the man called Kuroinu took out something from

the air.

「Yes.

It's gun bind this time.

Submachine gun, Shotgun, Assault Rifle, Sniper Rifle, which one you will take?」

「Shotgun is fine.

Give it to me.」

「Aiyoo~

Here's the bullet. 」

Saying that, the man took out a box of bullets from thin air.

「It's really convenient.

That 【World's weakest omnipotent God】」

「No, it's quite troublesome.

I can't do something by myself in case of emergency, that's the point of your ability.

Cheat」

「I'm envious enough just being able to eat Japanese food three times. 」

Being able to eat everyday is already enough for the man called

Kuroinu.

「Now then, let's go partner.

Our fight has just started!!」

「I see, you want to die. 」

A gem is loaded in the gun, the transparent wall disappeared the next moment and the monsters rushed in.

「I'll leave my back to you. 」

「When the time comes I'll abandon you.」

The two stood back to back and they began to aim their gun against the 500 monsters lightly.

027 - The morning after: Haruna-hen

The next day.

I woke up on the bed.

I got up from the bed with a refreshing feeling.

When I got up, my body pulled the rolled futon and on the opposite side is the nude Lilia.

I make out with Lilia yesterday, then I throw her down the bed and plunged into r18.

There's no regret, instead I feel good that I did it.

Right now, there's me and Lilia on the bed.

Lilia hadn't woke up yet.

She sleeps on the bed seeming satisfied.

「I feel sorry waking her up.

I'll wake her up later.

I said that and stood up from the bed.

Koton, something fell on the floor.

It's hard to describe...

Rather, it's described and something bad fell into the floor.

Yesterday, Lilia fell from the bed to the floor for some reason.

Of course I did over.

.....Of course, hey, isn't it strange?

Well, it's fine.

Seeing Lilia's satisfied face, I can't bear but play with her.

「Switch, ON♪」

I fell on the floor and the dangerous switch was put on and I attacked Lilia.

Afterwards, we did kyaakyaa ufufuu, but let's cut that.

「Now then, let's make breakfast♪」

「Fuan.

Uuuu...

」

I did it.

It's no good

I lost with a counter.

Why is Lilia so strong...in a different sense.

「I'll go ahead and bring clothes.

It probably dried already.

Please wait here♪」

「Un.

I'll wait...

」

I fell in the bed disordered and I slept naked.

「Haa...Strong.

」

I felt I saw an endless wall.

I completely took the lead yesterday but I wasn't able to breath in

properly in the situation earlier.

Using that dangerous thing is dreadful, my points were held down precisely...

「Haan...

」

My chest tightens when I remembered last night, my heartbeat grows faster.

「Lilia.....

I love you...

」

I murmured those words many times last night, I was in agony over the bed.

028 - Because we have clothes on, it's safe.

While the other is agonizing on the bed, the other is hugging the clothes infatuated, after some time passing, since Lilia is the one bringing the clothes, she decided to change.

Lilia who had already changed her clothes, since she's wearing clothes..

「Please♪ Haruna-san!!」

「Than you. Lilia. 」

Finally calming down, Lilia looked at her directly in front.

Then, since she's looking directly in front a problem is born.

「Uhm, Lilia? I want to change clothes... 」

「Yes!! Please!!」

Lilia came to watch directly in front!!

「Lilia, I want to change clothes. That, see? 」

Can you face back? I intend to say that but.

「Got it, I'll put it on!!」

「Eh!? No, that's not what I meeeaaan♪」

Jumping up quickly, rolling the sheets, she made me wear clothes.

Normally, taking off someone's clothes by force is a crime but this time is forcibly putting it on so it's not a crime.

「Myaa, Liliaaaaa!!? Where are you touchiiiiing... 」

「Okay♪ Please raise your right leg」

My thigh is gently touched by Lilia, prompting me to raise my right leg.

「Okay♪ Well then, I'll dress you up」

「Uu, embarrassing... 」

My right leg is raided and the panties went in my feet.

「Next is your left leg♪ Put it up, Put it up♪」

「Fuaan!! Don't touch there... 」

Massaging the inner part of my left thigh, my waist has loosened.

「Ah, Are you okay? I'm going to put it on then♪」

「Uu..... 」

Lilia slowly surrounds my waist and supports by back.

「Okay. Slowly raise your legs, that's right. 」

「Un, Lilia, faster. 」

When I raised my left leg, since I was unable to stand up in surprise earlier, power can't enter so I feel slightly trembling.

「Okay. It's put on the left leg too♪ well then, please stand up♪」

「Uu, I can't exert effort... 」

「It can't be helped then. I'll support you♪」

Turning her right hand to my waist, the panty was pulled by her left hand up.

Looking to the left, Lilia's face is seen, the distance is around 15cm.

Her right hand is on my waist, the panty is being held by the left hand,

it looks completely out but since it's putting on not taking off, it's safe.

「It's safe because I'm dressing, It's safe because I'm dressing..... 」

I watched Lilia's face, when she stared back, I looked the other way and kept muttering.

「Okay. Please raise your ass this time♪♪♪♪ 」

「Fue!?!」

The panty hid my woman part but it can't be worn if I keep sitting down

「I-It's fine. I...Nn. 」

The moment I say that I'm going to do it, the right hand went to touch the stomach and we kissed.

「It's fine♪ Leave this to me!」

「Nn, Got it. 」

She took the lead again[TN: Step up your game Haruna-san, we you can't make a Yuri Harem if you're not the one taking initiative.] Thinking at that moment, the right hand on the stomach is lifted and the ass became bare.

Just like that, the ass was wiped.

「Liliaaa, embarrassing... 」

「Haruna-san, you're too cute♥」

‘Haahaa’, Lilia brought her face close then we kissed again.

「Haa, I want this to go on forever... 」

「Noo, do it faster. 」

To my petition, somehow my panties was put on.

「Okay, please raise your hands next♪」[TN: Banzai]

「Au, banzai... 」

I raised my hands, I got dressed just like that.

My vision got dark momentarily then Lilia pulled it with her arm and my head got out.

「Puhaa, Thank you, Lilia. 」

「Ufufu. Next would be the trousers then♪」

Lilia politely straighten my clothes, then she took out the trousers next.

「Okay, raise your right foot once again♪」

「Un. I'll raise it. 」

Since resisting is useless, I obediently raised my right foot just like what Lilia ordered.

It's better than a while ago but it's still embarrassing. Then the left...
「Well then, please raise your ass♪」

「Uu, embarrassing. Do it faster... 」

My ass is raised and Lilia put the pants on.

「Okay. It ended♪」

「Un. Thank you. 」

Changing clothes were finally done with this.

Or so I thought.

「Uhm, Haruna-san..... 」

「N? What's wrong?」

After finally wearing proper clothes, the moment I returned to normal condition, Lillia politely,

「I'm sorry!! It's already impossible♥」[TN: Uhh, yes, she's wet]

「Eh, wai. Liliaaaa!Nn♪Nniaaaan♪」

I was pushed down by Lilia and was attacked again.

029 - Second Round – End

It was a complete defeat this time.

「Haahaa, Haruna-san. Thanks for the feast♥」

「Uu, Lilia... 」

Me who can't do by fall down limp on the bed, Lilia smiled as she was satisfied.

Demon...

「I'm going to make breakfast. If I'm done, I'll call you♪」

「Un... Got it... 」

It's becoming a pimp life, well, not a whole day just passed yet.

Lilia went out of the room, I became alone, I will straightened the wrinkle of my clothes while I have time.

Although I took effort to do it, since I was attacked on the second time this day, my clothes are already crumpled.

「Haa, sly... 」

Lilia quietly finds shelter, it's not that she doesn't like it but she doesn't say anything.

If anything, Lilia is just sly.

「If I don't work hard... 」

Deciding a new goal, Haruna refresh her attitude with the effort to attack Lilia right in front from now on.

「But, what should I do?... 」

Losing what to do, I became bored.

Suddenly, I noticed the adult toys used yesterday...I mean this morning.

「..... Should I keep it?... 」

As long as I have this, I have a hunch that I can fight Lilia to some degree.

「Un. Let's do that. 」

I took it up and put it my item box.

「Should I put that in too?」

Getting up from the bed slowly, she took out the toys from the bed and put it in the item box.

「This is good... What should I do next?」

I put everything on the item box carefully, then I stood up.

「There's nothing to do, should I help Lilia?」

When I thought that I'll be helping Lilia, the door opened.

「Ah, Haruna-san. The meal is ready soon♪」

Lilia held the frying pan and heated it over fire.

「Thank you. Well then, should we eat?」

I decided to eat meal without helping her.

030 - Breakfast

The meal presented is bread, bacon-ish meat, two kinds of jam the drink is coffee I guess.

Come to think of it, I didn't have a meal last night.

「Looks delicious. I'm hungry. 」

「Please. Please it♪」

「Itadakimasu. 」

I took the bread for the, let's take a bit for the time being.

The bread is soft and fluffy, it had a little sweet taste.

「Yup, delicious. Thank you. Lilia. 」

「No no, I just cut and baked it. 」

I eat the delicious food while looking at the humble yet happy Lilia.

I wonder which is Lilia's true nature.

The that makes my heart throb when I look at her right now or the Lilia on the top of the bed.

Un. I should stop thinking

Let's concentrate on the meal right now.

「Ah, I'll spread the jam then♪」

「Un. Thanks. 」

She spread the red jam on the bread.

MoguMoguMogu[TN: Chewing sounds]

「I'm going to cut the bacon then. 」

「Un. Thanks. 」

I nodded while munching the bread.

Lilia cuts the bacon and stabbed it with a fork.

「Okay. Aaahn~♪」

「Nn. A~... 」

I opened my mouth and Lilia feed me the bacon.

Mogu Mogu, Gokun[TN: Gulp]

「Ah, jam on your cheek... Please face this way」

「N?」

When I turned my face, Lilia closed her faceup.

Lick♪

「Hyaa!? Lilia?」

「Ufufu. It was delicious♪」

It seems I was licked.

Un. Lilia really has a koakuma[TN: Small devil] attitude

「Geez, Lilia is sly! Let me do that next time」

I tear up the bread and put a small cut of bacon.

「Okay♪ Aaaahn~♪」

Okay, it's my turn!![TN: Draw!!]

I put out a front in front of Lilia.

「Okay!!Amu♪」

「Eh, Munyaa!! Liliaaa, my hand, you're licking it!？」

She licked my hand along with the bread.

「Nn, Nn, Delicious♪」

「Geez, Lilia, I'm now sticky... 」

Lilia's saliva covers my hand.

「I'm sorry♪, I made a mistake♪」

「Geez~ You did it on purpose~ 」

I hit Lilia gently with my other hand.

「Let's continue♪」

「Okay!! I'd be glad to!!」

Then, I and Lilia continued to have a bit fierce breakfast.
